LOGAN SHOP PROJECT PROPOSALS (2017-18)

Each quarter, the Logan Shop welcomes a few student-generated projects not directly affiliated with DOVA or TAPS course programming. Each proposal is reviewed by a jury consisting of staff, faculty and students, and selected proposals receive guidance and support in both development and implementation.

deadlines

The Logan Shop welcomes project proposals at any time. However, due to significant demands from the broad range of activities and organizations that the shop supports, proposals intended to be completed during a particular quarter must be submitted by the following dates to ensure ample opportunity for successful development and realization.

Fall Quarter: October 21st, 2017
Winter Quarter: January 13th, 2018
Spring Quarter: April 7th, 2018

For information and questions regarding the capabilities and scheduling capacity of the shop, contact Peter Reese, the Logan Shop Manager at preese@uchicago.edu.

News of project approval will be sent one week after submissions are due.

submission guidelines

Briefly describe your proposed project. Please include information about your goals, timeline, scale, necessary materials, and number of people participating. What is the intended community that will be impacted by your project? (DOVA, TAPS, greater South Side community, etc.) This description is to get a sense of the support necessary to realize the project, as well as scheduling needs, so please include any other relevant information. (250 words)

Do you have a staff or faculty project advisor? If so, please send their name and preferred contact information.

Please attach up to 3 images of your past work, and up to 5 files of drawings, research, or other supporting material to your submission. Send submission to logan_shop_pro_staff@lists.uchicago.edu
